

# Speeds of up to 1Gbps!

## NEW ZIRKEL fiberWave Internet delivers symmetrical speeds up to 1Gbps!

Introducing NEW ZIRKEL fiberWave Gigabit Internet. ZIRKEL fiberWave Internet is a faster, more powerful network we're building as an addition to our existing infrastructure to offer INCREDIBLE speeds of 100Mbps, 500Mbps, and 1000Mbps. ZIRKEL fiberWave delivers the speed of fiber with the convenience of a wireless deployment.

### Even FASTER Speeds!

Our low latency, combined with ZIRKEL fiberWave speeds, are as fast—and in some cases faster—than fiber, cable, or satellite services. ZIRKEL fiberWave Internet plans provide more power to fuel your streaming, gaming, and connection needs.

### ZIRKEL fiberWave Technology

We use fiber-fed Terragraph wireless mesh technology to connect homes, businesses, and multi-unit dwellings with FAST high-speed Internet. Unlike fiber and cable, Terragraph is deployed wirelessly and connects via a small rooftop radio.

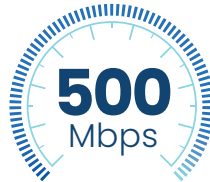

## ZIRKEL fiberWave Internet Plans

**\$99/Month**

100 Mbps Download  
10 Mbps Upload  
Online Conferencing  
10+ Active Users

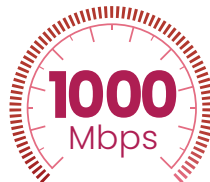

Download HD & 4K Movies  
5+ 4K/HD Video Streams

1 Gbps Download  
1 Gbps Upload  
Video Conferencing with 10+ People  
25+ Active Users

Ideal for Multi-Dwelling Units  
40+ 4K/HD Video Streams

## Coming Soon to Your Neighborhood

ZIRKEL is currently in the process of deploying service and signing up beta customers inside the city limits of Steamboat, Craig, Oak Creek, and Yampa. In early 2022 we will expand further with service in Hayden, Milner, Phippsburg, and Stagecoach. To express interest in the new service, you can pre-order at [www.zirkelwireless.com/fiberwave](http://www.zirkelwireless.com/fiberwave), email [sales@zirkel.us](mailto:sales@zirkel.us), or call 970-871-8500.
